

| Technical Specification Sheet   |                                 |
|---|---------------------------------|
| Length  | 3140mm                          |
| Width - standard / wide wheels  | 1120mm / 1340mm                 |
| Height - standard / wide wheels   | 2200mm / 2290mm                 |
| Standard Wheels   | 10.0/7.5-15.5 tyres             |
| Wide Wheels   | 400/50-15 tyres                 |
| Transmission, drive   | Hydrostatic, 2 speed            |
| Auxiliary hydraulics oil flow / pressure  | 45lpm / 51lpm / 60lpm           |
| Turning radius outside  | 2050mm                          |
| Max. lifting height (pivot)   | 2750mm                          |
| Load overheight   | 2570mm                          |
| Max. lifting capacity (hydr)  | 1500kg                          |
| Max. Tipping lifting - straight position<br>(varies according to counter weights)   | 950kg - 1200kg                  |
| Max. Tipping lifting - articulate position<br>(varies according to counter weights) | 630kg -                         |
| Fuel  | Diesel                          |
| Hitch / Coupling  | Blaney manual hitch as standard |
